T Shirt Quilt – Grid Pattern

Generally, the size of the largest t shirt graphic in your assortment of shirts determines the size of block used in the quilt. Most graphics are not larger than 14" wide or long, but accommodations can be made if there are larger graphics. Sashing is the 1" piece of fabric sewn between the shirts. Most throw sized quilts start at roughly 50" x 60".

No sashing:

- 12" block @ \$16/block
- 13" block @ \$17/block
- 14" block @ \$18/block

(14 "block = \$288, final size 56" x 56")

Sashing and 3" border:

- 12" block @ \$21/block
- 13" block @ \$22/block
- 14" block @ \$23/block

(14 " block = \$276, final size 50" x 65")

- Any additional contrasting borders are an additional \$2/block.
- The price of the quilt includes your choice of a solid quilter's cotton fabric for sashing, borders and backing. Cotton prints or polyester minky may have an additional cost.
- Illinois residents pay 8.5% sales tax

T Shirt Quilt – Custom Design

Custom t shirt quilt designs involve more labor and can include more items of various sizes. Prices start at \$450 for a throw size. The following are samples:

Mosaic design

Column design

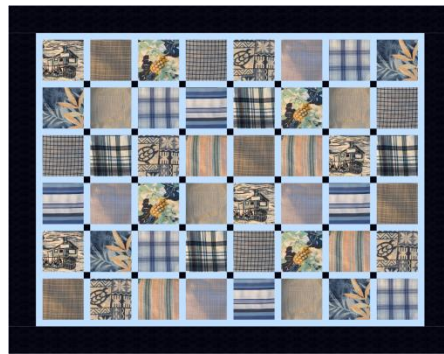

Baby Clothes and Memorial Clothing Quilts – Grid Pattern

Baby clothes quilts work best with sashing for the quilt's longevity. The number of items used depends on whether you want items used for more than one block. I am willing to include zippers, buttons, bows, pockets, and any other details you would like me to highlight.

6" blocks @ \$10/block

7" blocks @ \$12/block

8" blocks @ \$14/block

- Contrasting borders and cornerstones are additional charges.
- The price of the quilt includes your choice of a solid quilter's cotton fabric for sashing, borders and backing. Cotton prints or polyester minky may have an additional cost.
- Illinois residents pay 8.5% sales tax

Baby Clothes and Memorial Clothing Quilts – Custom design

All other custom baby clothes or memorial quilt designs begin at \$450 for a throw size. The following are design samples:
